

Church Announcements June 30, 2019

Power Outage Sunday July 14

BC Hydro has planned a power outage for Gabriola, but it will not keep us from worshipping! We will gather on July 14 as usual, without lights and without amplification.

The council is making sure all of the details are looked after so we have a great morning together.

In case of emergency we do have procedures in place and an Emergency Warden to give us directions. Please familiarize yourself with the information on the front door to the church.

Season of Prayer

We are engaging in a season of prayer as a community. Karen invites us all to pray with the question: God, what is your call for our community? We pray God will speak to us in ways we can hear. This week Karen encourages you to walk a labyrinth with this question. There are a few labyrinths on Gabriola; one is at the Commons or you can take home a paper finger labyrinth.

Here is one way of walking a labyrinth - it is done in 3 stages:

1. Walk toward the centre, releasing, letting go, quieting the mind and opening the heart.
2. At the centre, open yourself to God, remain there to pray and receive.
3. Go out; return, following the same path. Stay in tune with the illumination you may have received at the centre. Take that wisdom with you into the world.
